A: Use absolute urls in , like this. 2a1358a15e.rar Regarding the file size, you must add a compression type to your rar extension, like this: 2a1358a15e.rar The file extension has nothing to do with the size of your.rar file. See here for more information: Prenatal diagnosis for Dandy-Walker syndrome. Maternal karyotyping and ultrasound visualization are reported in a second trimester prenatal diagnosis for Dandy-Walker syndrome. These results were obtained in a patient with a previous pregnancy that terminated in a liveborn male with the Dandy-Walker malformation. Fetal karyotyping revealed a 47, XXY karyotype. Prenatal ultrasound showed brain cysts, colpocephaly, agenesis of the vermis and enlargement of the fourth ventricle. Marked ventriculomegaly, microcephaly and cystic changes of the brain were observed at birth. Analysis of fetal karyotype obtained from amniotic fluid cells clearly distinguished between the two sex chromosomes. The karyotype must be determined to allow accurate differential diagnosis between the two X-linked malformations.' => \$this->input->post('status'), 'status\_date' => \$this->input->post('date'), 'category' => \$this->input->post('category'), 'user\_id' => \$this->input->post('user\_id'), 'tag' => \$this->input->post('tag'), 'date\_from' => date("Y-m-d", strtotime(\$this->input->post('date\_from'))), 'date\_to' => date("f678ea9f9e
